

## FANTASTIC PRICES ON WET/DRY VACS

NaceCare Solutions provides first class systems for commercial and industrial cleaning applications Today, with the widest product selection in the industry, NaceCare provides solutions that enhance work productivity, improve appearance, reinforce hygiene and lower costs.

The following Wet/Dry Vacuums are just a few of the exceptional machines that NaceCare offers!

2200110

Charles gives the user a choice of wet or dry operation in a compact powerful unit. The rugged Structofoam tank, with our 10 year warranty, is totally rust proof and is fitted with a handle for easy dumping and four 2 inch full swivel castors for excellent mobility.

2200140

The WV470 incorporates all the same power and performance of our other series single motored machines in a compact, less expensive unit. The 1/2 Hp bypass motor delivers all the power required for wet or dry pick-up using our stainless steel wand and floor tool or our 20 in. fixed wide area cleaning kit.

2200150

The WV570 series wet & dry vacuums offer amazing durability and a choice of power levels. It incorporates our two stage bypass motor for ample power for most jobs. Where extra power is required for tough jobs or when extra-long hoses are used, the Wv570 can be specified.

2200165

The WV800 has a polypropelene tank for maximum durability and 4 castors for ease of use and mobility. It features a 1.6hp bypass motor with a 2 year warranty and provides 110" of lift plus 95 CFM of airflow which means excellent dry soil and water recovery.

2200169

WV900 uses Structofoam throughout to create a virtually indestructible machine. Even with its large capacity, the unit is lightweight, mobile and durable. The unique tipper system allows it to be quickly and easily emptied into either a floor drain or toilet with no operator strain and no mess.
