E-COMMERCE

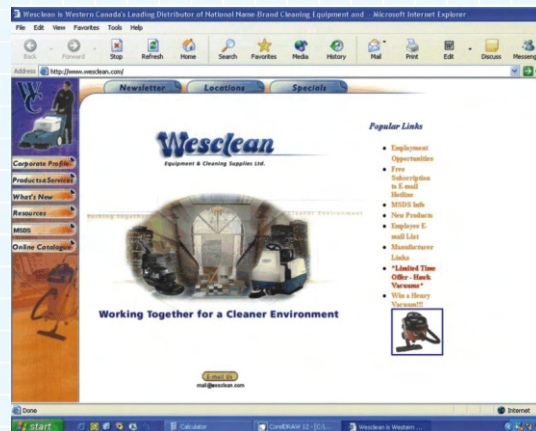

E-Commerce

Wesclean.com is the leading on-line order system in our industry today. The system is packed with features including integration with our business' critical software such as accounting, inventory and service applications.

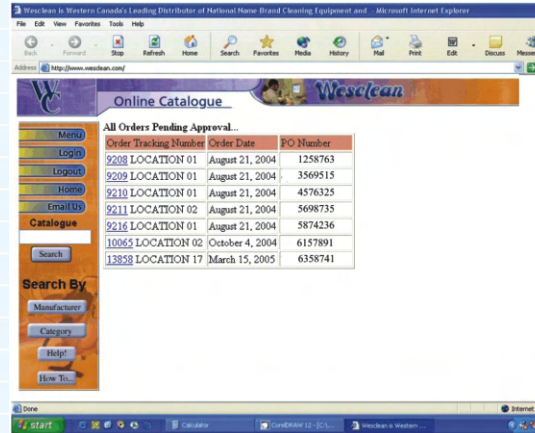

What Does this mean to you?

- Order from our extensive online catalogue at anytime, day or night, 365 Days a year.
- Access a variety of utility programs available to Streamline the Order Process.
- Create site specific order templates, for Each "Ship To" location.
- Track all history by site or by any combination of sites.
- Our system automatically provides confirmation of stock availability, and product pricing as well as shipping and tax charges if applicable.

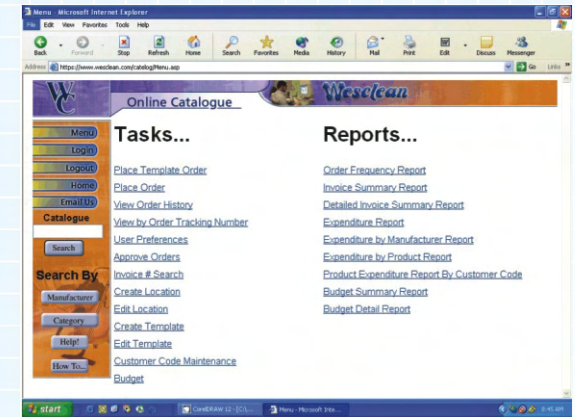

Multilevel User Access

- Maintain tight administrative and cost control of the order process.
- Delegate the ordering function to a site supervisor with dollar value limits.
- If the value limit is exceeded in an order it will be redirected to a higher authority, such as an area supervisor for authorization.
- Restrict ordering to approved items only.

Instantaneous Reporting Features

- From the Reports Menu you can instantly generate reports designed to provide you with the information you need to make informed purchasing decisions.
- Download data in the format of your choice so that you can easily and automatically upload to your accounting software.
- Eliminate the time and expense associated with routine data input.
- Access secure on-line custom reports in the format of your choice — on request.

Let us Know What You Need!

Our system is very dynamic, user-friendly and flexible. Also, Wesclean.commerce is easily customized to meet your specific needs. If we do not currently offer a report that you would find useful please let us know. We are capable of developing and delivering secure, customized reports in any desired format at your request.

Wesclean is dedicated to working with customers to ensure the mutual benefits of our on-line services.
