

# Kills 99.999% of bacteria\*

Introducing the Ionator: Breakthrough Technology from Activeion

Developed from advanced technology that was previously unavailable for everyday use and typically cost several thousand dollars, the Ionator is a portable on-demand cleaning and sanitizing technology available to everyone.

Independent third-party testing demonstrates that the Ionator kills 99.999 percent of common bacteria with a simple six-second spray of nontoxic ionized water.

With the Ionator, professional cleaners everywhere now have a sanitizing option that saves time, reduces cost and protects the environment.

The Ionator, COMING SOON.

# same benefits. better technology.

Get the same great benefits of the widely adopted Activeion Pro with the new Ionator.

## smart savings

The **Grand Haven Area Public School District** in Grand Haven, Mich., purchased the Activeion Pro and eliminated eight chemical cleaners in the process, saving \$22,588 in the first year alone.

With the savings, they are now purchasing other much-needed equipment.

## superior sustainability

A **carbon footprint analysis done by the University of Tennessee/EcoForm**

found that cleaning with Activeion instead of traditional chemicals reduces energy consumption and pollution formation between 97 and 100 percent across seven key indicators of sustainability: **energy, greenhouse warming gases, ozone, smog, acid, water eutrophication and particulates.**

## sanitizing\*

Testing performed according to the EPA GLP protocol shows the Ionator kills common bacteria:

- *Salmonella*
- MRSA
- *E. coli*
- *Listeria*
- *E. coli* O157:H7
- VRE
- *Pseudomonas*

(EPA Est: #086143-MN-001)

## happier people

Two **Baltimore elementary schools** found that worker morale improves when cleaning with Activeion's advanced technology instead of fatiguing, trigger-spray bottles filled with traditional chemicals.

"When you have professional tools, you feel and act like a professional."

— **CLEMENCIA VILA, PRESIDENT OF LCL SERVICES, INC.**  
The cleaning company for Baltimore schools

## outstanding cleaning

Testing by the **Toxics Use Reduction Institute (TURI) at the University of Massachusetts** confirms Activeion technology cleans as well as or better than the traditional:

- Glass Cleaner ✓
- All Purpose Cleaner ✓
- Stainless Steel Cleaner ✓
- Whiteboard Cleaner ✓
- Carpet Spotter ✓

RESIDUE LEFT BEHIND USING  
ACTIVEION TECHNOLOGY: **NONE**

## superb safety

With Activeion, safe and sustainable cleaning is free and clear of chemical-related health warnings.
